

Sphere ToT - Training Brief

This is a 5-day course on Sphere Standards and the Handbook, including lots of useful and practical information on how to become a qualified trainer. The base of the content is referenced from Sphere Secretariat's training materials (translated into Turkish). The course has sessions to remind the participants of the importance of the Handbook and Minimum Standards in detail, focusing on both the foundation and the technical chapters of the Sphere Handbook. There are many group activities including writing a humanitarian response plan for all four technical sectors. Besides, there is content to be given by the trainers' trainers on trainer skills and how to become an effective presenter. The course language is Turkish. After these sessions, the participants are expected to present their selected Sphere course in 20 minutes as a 'future trainer'. Successful candidates will be given a ToT certificate.

Training Aim

To build the capacity of TRCS to have more in-house Sphere trainers. They are later on going to be expected to contribute to Sphere Türkiye project as trainers.

Learning Objectives

At the end of the training participants will be able to:

- Define key Sphere terms and concepts (refreshing memories),
- Write a humanitarian response considering the four essential sectors (WASH, Shelter, Food Security, and Health),
- Have a conscious approach on presenting in public, public-speaking, and being a trainer,
- Understand the skills and knowledge to become a qualified Sphere trainer,
- Find out about the further references and readings as a future Sphere trainer.
