Executive Director
Candidate Pack
MESSAGE FROM THE SPHERE PRESIDENT

Sphere is recruiting its next Executive Director. This is an incredible opportunity to shape Sphere and enhance its wider impact over the coming years.

Are you the humanitarian leader we are looking for?

Sphere is a diverse, global community of purpose and practice that brings together frontline practitioners, humanitarian agencies, community organisations, trainers, donors, policy makers, government agencies and affected communities, around a common goal – to improve the resilience of, and outcomes for, people affected by disaster and crisis.

Sphere establishes, promotes and reviews quality standards for humanitarian action which provide an accountable framework for preparedness, resource allocation, response, monitoring and advocacy, before, during and after disasters and crises. Sphere believes that people affected by crisis must be at the centre of decisions about humanitarian protection, assistance, recovery and resilience.

2022 marks 25 years of Sphere and there is much for us to celebrate: -

LEADERSHIP

We have a new and diverse Governing Board (board members) and are investing in their development through training and Key Performance Indicators (KPIs).

FUNDING

We have successfully secured funding through Disaster Emergency Committee (DEC), a new donor for Sphere. (KPIs).
**TRAINING**

We have an active trainer community, delivering Massive Online Open Courses (MOOCs) and Training of Trainers (ToTs).

---

**ENGAGEMENT**

We are seeing high levels of engagement with social media and other digital platforms as the world adapts to new ways of interacting. (KPIs).

---

**ACCESSIBILITY**

We are investing in inclusivity by making our products, platforms and events ever more accessible to a wider community.

---

We look forward also to 2023, which marks the 10-year anniversary of the Humanitarian Standards Partnership.

We are seeking an empowering leader to serve the Sphere community, who is a great communicator, and a humanitarian at heart. You will have credible representation skills, with the ability to foster and maintain good relationships with our members, partners and donors.

At Sphere, we see these challenges as opportunities. The greater the challenge, the more we see Sphere as being relevant and ready to provide guidance to organisations in all these areas, supporting and leading them to greater efficiency and effectiveness.

Thank you for considering this position. We look forward to your application.

President-Sphere
About us

The Sphere movement was started in 1997 by a group of humanitarian professionals aiming to improve the quality of humanitarian work during disaster response. With this goal in mind, they framed a Humanitarian Charter and identified a set of humanitarian standards to be applied in humanitarian response.

Initially developed by non-governmental organisations, along with the Red Cross and Red Crescent Movement, the Sphere standards have become a primary reference tool for national and international NGOs, volunteers, UN agencies, governments, donors, the private sector, and many others. Today, Sphere is a worldwide community which brings together and empowers practitioners to improve the quality and accountability of humanitarian assistance.

Sphere's flagship publication, the Sphere Handbook, is one of the most widely known and internationally recognised sets of common principles and universal minimum standards in humanitarian response.

How we work

Sphere is a non-profit association legally established in Geneva. The Sphere Secretariat is led by the Executive Director and a team of staff.

The General Assembly is Sphere’s highest decision-making body. It is composed of all Sphere members. The Assembly meets at least once per year.

Sphere’s Governing Board oversees the organisation’s mission, strategic direction, policies and fiscal integrity. Board members are elected by the General Assembly from Sphere members and includes co-opted members.

The Sphere philosophy is based on two core beliefs: that people affected by disaster or conflict have the right to life with dignity and, therefore, the right to assistance; and that all possible steps should be taken to alleviate human suffering arising out of disaster or conflict. It carries with it a commensurate level of professionalism and ethical behaviour by the agencies and personnel who respond to disasters.

Sphere members believe that people affected by crises must be at the centre of decisions about humanitarian protection, assistance, recovery and resilience.

We recognise that people affected by disaster and conflict have the right to life with dignity, the right to receive humanitarian assistance, and the right to protection and security. By joining our community, you make a commitment to uphold the rights and dignity of all people affected by crisis.

Sphere is the most established and recognised organisation in the field of humanitarian quality and accountability. Sphere standards and resources are open source, accessible and free to everyone – and will always remain so. We believe that ownership of the standards is with the humanitarian community, which contributes to their development through their expertise.
The Role

The Executive Director's primary role is to lead and serve a vibrant global network of humanitarian practitioners committed to improving principled quality and accountability in humanitarian action, advocating for the uptake and use of humanitarian standards. The ED manages the performance of the Sphere Secretariat of 6 staff members, ensuring strategic direction and financial stability in line with the organisation's vision.

The Executive Director (ED) reports to the Governing Board and has a direct reporting line to the President of the Governing Board.

Key relationships: Sphere Secretariat team, Sphere Governing Board, Sphere members, Sphere Focal Points, the global Sphere community, Humanitarian Standards Partnership members, donors, external stakeholders, UN agencies and the media.
